Dear Friends at Oceanside,

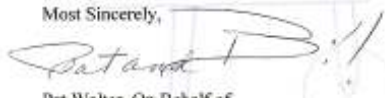

On behalf of the Bill Walter III Melanoma Research Fund, we thank you for your continued Sponsorship of \$1,000.00 and for the individual donations that so many of you have given over the years; not only monetarily, but also being there with a helping hand and Denny Clift keeping our banners and bridge signs up-to-date. Thank you to ALL of you.

All funds raised for our RayZ Awareness 5K go towards research in finding a cure for metastatic melanoma. It will also go toward helping melanoma patients who have a financial need. It will help with their travels to and from their treatments and trials. This was how our son, Bill III, wanted any monies we raised to be spent. Kathy, his widow, has also added a new dimension to our cause. She is on a mission to educate every school child in Ft. Collins, Colorado and the surrounding area about the dangers of too much sun exposure. Bill and I speak to the lifeguard recruits every spring and to various civic groups about melanoma and the dangers of sun overexposure.

To date, the Bill Walter III Melanoma Research Fund has given over \$160,000.00 to melanoma research efforts and \$56,000.00 to help melanoma patients who have a need for assistance. This year, we have cleared over \$32,000.00.

With people like you, we can continue our efforts. Thank you, again, for your continued support.

Most Sincerely,

Pat Walter, On Behalf of
Dr. Roger Scott, Treasurer
